

Online Payslips

Did you know, you can use the Digital Postbox service to sign up and receive electronic payslips from the Department of Education?

This means that you will be able to access your payslip securely 24/7, anywhere, on any device; and have a record of stored payslips to assist with banking and financial matters

Getting started

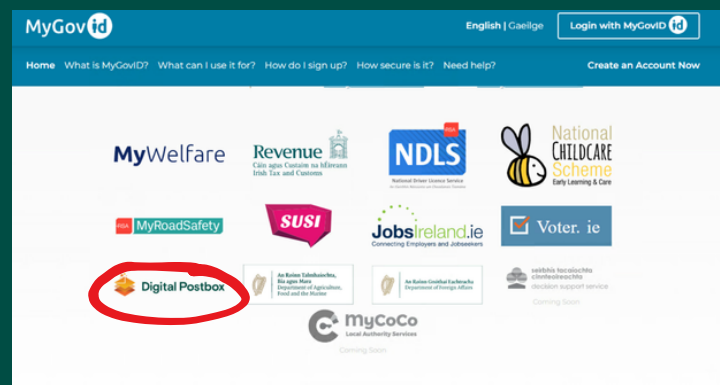

If you do not already have a Digital Postbox account, you will need to:

Register for a MyGovID account.

- This is a single secure online identity which makes it easier to access a range of government services so that their identity can be verified in order to protect their account.
- An appointment with the Department of Social Protection will be required so that an account user can be registered and a public services card (PSC) provided. Registration takes approximately 15 minutes.
- You can locate your local PSC centre at the following link: [Public Services Card Centre](#)

Final step

Proceed to set up a Digital Postbox account via the [MyGovID website](#) by clicking the digital postbox icon (circled in red in the screenshot below).

Please note, this is an optional service. For those individuals who do not wish to opt in to the service, they will continue to get a payslip printed and posted.
